

The Pool at Camp Willow Springs

As we celebrate our 45th Anniversary, it has been exciting to see the construction progress at Camp Willow Springs this summer. Dorms 3 & 4 are almost complete. Meeting room construction is well underway. The amphitheatre is taking shape and construction of the CWS pool promises fun for all. The completion of these facilities will allow us to open CWS next year and begin serving our first groups of campers.

In mid-July, excavation began for the CWS pool complex. The pool will be a central recreation feature at CWS. The pool will have 5,198 square feet of swimming area and will include three water slides. The pool house will contain bathroom facilities and include a storage and equipment room. Currently, the concrete shell of the pool has been completed and the waterline tile has been installed. Construction of the pool house will begin this month.

As we continue with construction of the pool complex, we are still in need of funds to complete its construction. We are excited that friends of CWS have provided a matching gift offer of \$150,000 toward the pool complex. As a result, any gift given toward the pool will be matched dollar for dollar up to this amount. The matching gift offer will run through the end of this year. The total cost of the pool complex will be \$445,000 and this cost includes the pool, pool house, grading, fencing and retaining wall. We have currently raised \$42,380.

The development of CWS has been a process that has already spanned several years. Through a challenging economy, we have trusted the Lord to provide the funds to build CWS. We have seen His faithfulness in providing for our financial needs so that we can serve campers next summer. We ask that you prayerfully consider a financial gift to the CWS pool complex. Your donation will be matched dollar for dollar up to \$150,000. Please help us take advantage of this matching gift offer by allowing your donation to be doubled. Thank you for your support of this ministry.

Robbie Harris
Director of Operations & Development

THE DORMITORIES

Two duplex dormitories have been completed and two more are in the final stages of construction. Each dorm is 2,100 square feet and contains bathroom and sleeping accommodations for 20 campers. There is also an activity/meeting room in each dorm.

THE MEETING ROOM

The CWS meeting room is currently under construction. This large building is 4,608 square feet and will initially serve the dual role of a meeting space for music and Bible study as well as provide a space for our camp food service.

THE AMPHITHEATRE

The amphitheatre features tiered stone-seating for 300 and overlooks beautiful Lake Gaston. It has been funded through a naming opportunity. The stage area will be built soon.

ON THE ROAD AGAIN

This year we would love the opportunity to come to your area to share more about the ministries of Camp Willow Springs and Camp Willow Run. We welcome any opportunity to share at your church or to a group of friends in your home. Please contact Robbie Harris or Luke Newton at 252.586.4665 or info@campwillowsprings.org if you are interested in hosting such an event.

SUMMER CAMP 2014

We will begin serving general public campers in grades 3-6 during summer 2014. The dates of the camp weeks and registration information will be announced later this year.
